## PASSION FOR EVERYTHING EXHIBITING!

Over the years, the business has grown and expanded to offer clients a full range of exhibition stand services.

We're passionate about giving our clients the very best exhibition advice whether that is setting your exhibition budget, planning your show, choosing the right exhibition stand or portable display stand or dealing with the on-site services crews and show organisers.

We want our clients to come back to us and therefore customer satisfaction is extremely important to us. We bring to you expert knowledge and experience with a personal service. When you come to us looking for inspiration for an exhibition stand, you will be assigned to a Project Manager who will stay with you from start to finish, guiding you and working with you every step of the way. Whether you need an exhibition stand or a portable display such as a pop up display system, you will get the same level of attention to detail and customer service.

Don't take our word for it – take a look at what some of our clients have to say or read our testimonials.

Being passionate about our exhibition stand products and services and with a real desire to exceed customer expectations means we only work with you when we know we can provide the right solution. We will not recommend an exhibition stand solution or portable display stand that we know is not up to the job. That is our assurance to you.

## CONTACT US

---

# SERVICES

WE PROVIDE A VARIETY OF DIFFERENT SERVICES IN ORDER TO CATER TO VARIOUS DIFFERENT PROJECTS.

## ARTWORK

Whether our clients prefer to provide their own artwork for projects or need artwork to be touched up and prepared for print – our talented, creative and experienced artworkers cater to every need.

## FABRICATION

Great quality woodwork and metalwork can make display and exhibition solutions, interiors or signage that little bit more special. In our in-house workshop, we are able to build and manufacture anything our clients might wish to have made – from bespoke wooden displays to signage or even props.

## COMPUTER CUT VINYL

Wall or vehicle graphics, typography, shopfront branding or design – anything is possible with computer cut self-adhesive vinyl. We provide bespoke solutions for any type of design, finish, shape and colour.

## ULTRA WIDE PRINTING

Large format graphics for retail, events or other types of display are produced using our ultra wide printing facilities. Sometimes bigger is better and clients will get maximum impact with these large format prints while retaining excellent quality.

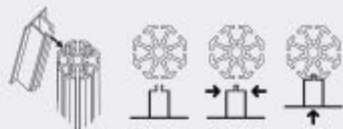

# SHELL GRAPHICS

Bring your booth to life by using a seamless display that is easy to set up and tear down. Not only that, the seamless graphic can easily attract the attention of passer-bys. Nobody likes plain white walls. Why not change the interior with superb full colour panels that will make you stand out from competitors?

# SHELL CLAD

SETTING UP

Shell clad offers a 100% wall coverage to smaller booths, revolutionising exhibitions for multiple companies. This tool-less modular system is durable and robust, allowing users to add or remove panels according to their preference.

Prints can be rolled and packed for future events.

Half Graphics

Full Graphics

Buy or Rent? Call us for more information

# SHELL SOLUTIONS

Shell Solutions is another way of finishing your booth. It is simple to use and saves stand space. Using a unique holder (ABS moulded), simply hook on the shell scheme without any tools. Thus, transforming your shell scheme into a high impact graphic presentation. Printed on FlexiFilm, the prints are rollable, mobile and reusable.

Prints can be rolled and packed for future events.

# TWIST - CURVE

SETTING UP

The seamless graphic panels can be used as a single banner or linked together according to your requirements to create a larger backdrop. The versatile system allows you to add or replace the graphic panels easily, making it perfect to deliver your marketing message to the crowd. Designed to be easily portable, this system is also lightweight.

Buy or Rent? Call us for more information

# EXPAND-LINK WALL

SETTING UP

It is a patented solution with a combination of Expand Link Wall units (banner stand type of products) and flexible linking graphics in between, connected with a magnetic strip. The flexible linking graphic has a rubber profile, which enables you to change the shape of your wall. Combine as many as you like to create your Expand LinkWall configuration.

# ISO FRAME - WAVE

SETTING UP

The first fully flexible display and exhibition system. With the ability to flex up to 180° in both directions, the system gives you the freedom to create the shape you want while catering to the event. The aluminium framework is also mobile and tool less. The system is so versatile that you can attach media screens, tables, shelves, doors or any products that you have on the system!

Buy or Rent? Call us for more information

# POP UP- SPENNARE

Pop-Up S20

Pull the frame up, attach the graphic panels to the magnetic bars, and a complete setting is ready to make impact.

SETTING UP

Pop-Up S10

No doubt, the pop up S10 is our most interesting new product, setting a new standard for Pop-Up systems. Uncompromising design meets the most user friendly solution in the market today.

# POP UP- SIGNTIFIC

Available in curve or straight. The strong magnets and precise workmanship make this structure a solid presentation. Fast and easy installation.

# POP UP- COMPAK SL

The most versatile and cost effective system which is ideal to enhance your booth image. Comes with a steel ring construction hub that is sturdy enough to mount a TV on the Pop-Up.
